OF WATER AND ROTATION

1 them, from claims of adverse owners, and it is ordered and decreed
2 that the said waters were sold by said defendants to plaintiffs
3 the said defendants and their predecessors in interest, pursuant
4 to the terms of the Notice of Appropriation hereinbefore set forth
5 and referred to; and it is not a fact that the acts of said
6 defendants in permitting said waters to flow through said canal
7 was an act of neighborliness, but was a business enterprise.

8 (20) And it is further ordered and decreed that five inches
9 of water measured under a four inch pressure, continuous flow, during
10 all periods of the year is reasonable and necessary and a necessary
11 amount of water for each of the plaintiffs herein owning irrigable
12 lands as aforesaid to have flow upon their said premises through
13 said ditch or canal to be diverted from said Ash Creek for domestic
14 uses and for stock purposes.

15 (21) And it is further ordered and decreed that the said
16 defendant C. W. Clarke Company and their predecessors in interest
17 dedicated sufficient of the waters of said Ash Creek to a public
18 use for irrigation of the lands of plaintiffs in the manner and to
19 the extent hereinabove set forth; and that said defendants C. W.
20 Clarke Company shall be and are now under obligations and legally
21 bound to continue so to do.

22 And it is further ordered and decreed that the said
23 defendants are estopped to deny that plaintiffs, and each of them,
24 are entitled to the necessary and reasonable use of said water to
25 which they are entitled for the irrigation of their said lands from
26 said canal and for stock and domestic purposes as hereinbefore set
27 forth, and are estopped to deny that said plaintiffs and each of
28 them, are entitled to receive said water from said canal for the
29 irrigation of their said lands by paying therefor the sum of \$1.
30 per acre for each acre of said irrigable lands of said plaintiffs
31 so irrigated.

And it is further ordered that the said named plaintiffs

1 are entitled to receive from the waters flowing in said canal for
 2 their first irrigation of their said lands commencing on the 2nd
 3 day of June of each year and continuing thereafter for the period
 4 of fifteen days, a continuous flow of the following amounts of
 5 water measured under a four inch pressure.

2 defendants be and they are hereby ordered and directed to divert
3 from said Ash Creek into said canal a sufficient amount of water
4 measured under a four inch pressure, during the periods and at the
5 times specified hereinabove each year, for the purpose of conveying
6 through said canal to the diversion ditches of said plaintiffs the
7 same so that the said plaintiffs shall receive at the heads of
8 their various diversion ditches for the irrigation of their own
9 lands and the crops raised and produced thereon and for other
10 domestic purposes, the amounts of water to which each of said
11 plaintiffs are entitled as hereinbefore set forth and decreed.
12 It is further ordered and decreed that said defendants shall
13 sell, and furnish for said plaintiffs, said amounts of water
14 from said Ash Creek through said canal for the irrigation of the
15 land of said plaintiffs and the crops raised and produced thereon.
